

# David Whitehill

Presenter, Producer, and Travel Content Creator.

---

David is known for his work in travel and lifestyle shows like Foxtel's *Escape*, Channel Nine's iconic *Getaway* series, *Mornings*, and the *Today Show*.

Would you believe David started his career as a Dolphin Trainer at Sea World on the Gold Coast!

David's first break into the world of broadcasting was hosting *Hot Source*, on the Nine Network, a national children's show, where he filmed over 400 episodes. He also hosted *So Fresh*, and interviewed international music superstars at the Arias, and the MTV music awards.

Appearing on *Mornings with Kerri-Anne*, he became a regular contributor on the show. David reported on everything from monster trucks to baby panda's, this gave him vast experience in live broadcast. He also travelled the world filming travel stories and co-hosted with the much-loved Kerri-Anne Kennerley while broadcasting live through-out Europe.

Australian travel giant *Scenic* also saw the benefit of David's profile and production skills engaging him to host and produce two travel specials, which aired to over 4 million viewers. The shows were such a success that David has gone on to create over 200 travel segments across the Nine Network.

As the travel and wildlife expert for *Mornings* and *Weekend Today*, David combines his marine animal training expertise with his passion for travel. He has collaborated with top tier brands including Emirates, Patek Philippe, NBN, *Scenic*, ING Direct, WWF, and Pepsi, and for four years he hosted the Qantas Welcome Aboard program and Qantas Destinations.

David founded Proud Nomads, a production company producing travel and lifestyle content. His series "Journey to..." airs nationally on the Nine Network.

Personally, David enjoys being a dad to his two kids, Zac, and Ava. With his diverse experiences, David captivates audiences both on screen and as a much loved MC.
